

BRAUN Flexi 3 Clamp Mount

The innovative highlight from the BRAUN Flexi family. High-quality plastic material and a virtually brute clamp are combined to create a clamp mount that allows you to fix objects such as your camera even in unusual locations and places. The Flexi 3 clamp mount features a fixing system that is compatible to virtually any action camera, GoPro included. The delivered smartphone mount and an adapter for tripod threads add to its compelling flexibility.

Highlights:

- Fits all quick-release systems
- Can be used as handheld camera handle
- Flexible design for a multitude of recording angles
- Allows recordings around a corner or over obstacles
- Easy installation
- Compact, lightweight and hard-wearing construction
- Model type: jaw-flex clamp and adjustable tripod neck
